Teacher: MS. AMY'S BIG 3'S CLASS

Date: APRIL 2024

Look What We're Studying...

This month we will review what we've learned throughout the school year. Then we will be doing assessments on what your child has retained, Don't worry, it will just give you an idea of what your child knows and areas of improvement. We will focus on: alphabets (uppercase), number counting to 10 & 20, colors, shapes, name recognition etc. We will send home the assessment and conferences will be held by phone or in person if needed.

We enjoyed all things green this past month. Thank you all for providing so quickly, the dozen or more Easter eggs for our Easter Egg Hunt. Both holidays were a huge success! They are still talking about Larry the Leprechauns visiting on St. Patrick's Day.
